

# ATLANTA TECHNICAL COLLEGE

## Radiologic Technology Pathways

The Radiologic Technology associate degree program is a sequence of courses that prepares students for positions in radiology departments and related businesses and industries. Learning opportunities develop academic, technical, and professional knowledge and skills required for job acquisition, retention, and advancement. The program emphasizes a combination of didactic and clinical instruction necessary for successful employment. Program graduates receive an associate of applied science degree, have the qualifications of a radiographer, and are eligible to sit for a national certification examination for radiographers. Jobs in this field are projected to grow 16% nationally and 23% in the State of Georgia over the next 10 years.

The Atlanta Technical College Radiologic Technology Program is accredited by the Joint Review Commission on Education in Radiologic Technology. [www.jrcert.org](http://www.jrcert.org)
